

PSC SPECIALTY CAMP

This summer, **Touch Em All Baseball & Precision Soccer** combine to offer their inaugural sports specialty camp. Our specialty camp gives each camper the opportunity to fine-tune their skills in a specific sport. The Players Skill Center (PSC) Summer Camp offers a variety of co-ed specialty camps with the flexibility to register for one or multiple sessions for children ages 6-14. Specialties are offered in Baseball, Soccer, and Softball. Our Athletic Development camp is perfect for those campers who wish to get instruction and compete in a variety of different sports each day.

Campers have the option of spending a full day in their area of specialty and are supervised by Pace's well-known, NCAA coaching staff. Campers may also choose to spend a half day in one specialty and then participate in our Athletic Development camp for the second half of the day. Whatever option you choose our goal is to assist in the development of the whole child-educationally, athletically, and socially. We strive to teach self-respect, courage and responsibility. Our caring staff builds upon our camper's self-esteem, self-confidence and character as they move from childhood to young adulthood.
